

Test lessons – Feedback questionnaire

Story: _____ Lesson: _____

School: _____ Age group: _____ Number of students: _____

Teacher: _____ Date: _____

Types of SEN in the group: _____

General	Little 1	2	3	4	Much 5
How much were students satisfied about the activities on average?					
How much was their overall mood during the activities?					
How much was their level of participation to the activities on average?					
How do you rate the collaboration of all groups?					
How do you rate your level of self-efficacy?					
How do you rate your ability to deal with new tasks?					
How much was the support provided by the materials?					

Inclusion	Agree 1	2	3	4	Disagree 5
After the activities, the level of inclusion has increased					
The intensity of cooperation between students (in the small groups) was good					
At least one student wasn't involved enough into the activities					
Students could talk about their own ideas to the other students					
If there were conflicts, students were able to manage and solve them					
Difficulties/problems arose from the integration of SEN children					

Development in the targeted area	Agree 1	2	3	4	Disagree 5
The activities allowed you to achieve your goals					
The material helped to achieve the developmental aims					
The outcomes I saw were congruent to the expected outcomes					

Students' materials	Little 1	2	3	4	Much 5
How much were they clear for the students?					
How much were they didactically useful?					
How much did they engage students?					
How much did they look nice?					
How much did you need to change the proposed activities?					

Teachers' materials	Little 1	2	3	4	Much 5
How much was the structure of the modules clear?					
How much were the teachers' materials clear?					
How much did they propose feasible activities?					
How much did they help you?					
How much did they look nice?					
How much was your effort as compared to a habitual lesson?					
How much was the advantage as compared to a habitual lesson?					

Open ended questions

1. Which part(s) of the materials has helped most to achieve the developmental aims (paying particular attention to students' special needs)?

2. What kind of difficulties/problems did you experience...

a. ...by understanding/using the materials?

b. ...about the inclusion of SEN children?

3. Was there a part of the module...

a. ...that the students have especially enjoyed?

c. ...that elicited strong emotions from the students?

4. Did any noticeable change or event occurred during the program (e.g., developmental improvement of children, original ideas to improve the tasks, unexpected outcomes...)

5. In case you needed to change the proposed activities – why and how?

6. Would you change anything in the structure of the materials – if yes, what?

7. Further remarks:

After filling in this form, please send it by e-mail to roborigineproject@gmail.com or upload it to the **RIDE project/Testing/own school** folder.

To record any spelling, typographic, indexing or formatting mistakes on the website or in students' or teachers' materials, please make a note (preferably in English or in Hungarian) into this Google Doc: <https://bit.ly/2O3AL2n>
