This story is about a groups of boys who spend their free time on a lot full of woodpiles, called the Grund. Later, they have to defend their beloved territory from another group of boys.

## I work on:

11

Imagine yourself founding a gang!  
What does it mean? What is important for a gang?  
How would you pick the participants?  
Plan its mode of operation, roles and symbols!

Use coloured papers, recycled materials, textile, glue, crayon, etc
