

Design the symbols and passport of the pilgrimage!

The symbol of the pilgrimage is a seashell with a cross. Recreate the Camino the Santiago shell, or design and create your own shell from any available material! You can use dough, salt dough, pulp, gypsum, etc.

Pilgrims collect stamps into a pilgrimage passport (see next page) at certain points of their route. Design and create your own stamps for the different stations (you can make potato stamps or simply paint them).

Pilgrims' Passport

Pilgrims collect stamps into a pilgrimage passport at certain points of their route.

This will be your Passport. Print this out and fold or cut along the dotted lines.
