Losing hands and arms

A gentleman, very kindly, scolds him:

"But how distracted you are. See, you've already lost a hand."

"Uh, that's true. How careless of me."

He goes looking for his hand and instead finds an empty jar. Will it really be empty? Let's see. And what was inside before it was empty? It couldn't have been empty from day one...

Giovannino forgets to look for his hand, then he also forgets to look for the jar, because he has seen a lame dog. To reach the lame dog before it turns the corner he loses an entire arm. But he doesn't even notice it, and keeps running.

A good woman calls to him, "Giovannino, Giovannino, your arm!"

No chance, he can't hear.

"Patience," says the woman. "I'll take it to his mama."
