

## PRIESKUM V BOTANICKEJ ZÁHRADE

|                                                                                                                            |                                                                                                                                 |                                                                                                                     |                                                                                                                                     |
|----------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
|  <p>Boka,<br/>Nemecsek a<br/>Csónakos</p> |  <p>odišli</p>                                 |  <p>do Botanickej<br/>záhrady</p> |  <p>jeden večer.</p>                             |
|  <p>Červené<br/>koše</p>                 |  <p>mali svoju<br/>pevnosť</p>                 |  <p>na malom<br/>ostrove.</p>    |                                                                                                                                     |
|  <p>Mali strážcov</p>                   |  <p>na moste<br/>vediacom na<br/>ostrov.</p> |                                                                                                                     |  <p>Chlapci sa<br/>priplazili<br/>bližšie.</p> |
|  <p>Počuli<br/>pískanie.</p>            |  <p>Od čoho sa<br/>zl'akol<br/>Nemecsek.</p> |                                                                                                                     |  <p>Pisk naznačil<br/>výmenu<br/>strážcov.</p> |

|                                                                                                                        |                                                                                                               |                                                                                                                                     |                                                                                                                          |
|------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------|
|  <p>Bokának mal<br/>d'alekohl'ad.</p> |  <p>Sledoval<br/>ostrov.</p> |  <p>Bol tam<br/>niekto, kto mu<br/>bol známy.</p> |  <p>Chcel ho<br/>bližšie vidieť'.</p> |
|  <p>Našli</p>                        |  <p>čln.</p>               |  <p>Sadli si doň,</p>                            |  <p>a začali<br/>veslovať'.</p>      |
