Some ideas – How to make a toilet paper castle?

You'll need:

- toilet paper rools
- scissors
- light blue cardboard
- common cardboard
- paper glue
- toothpicks
- a piece of red paper

1

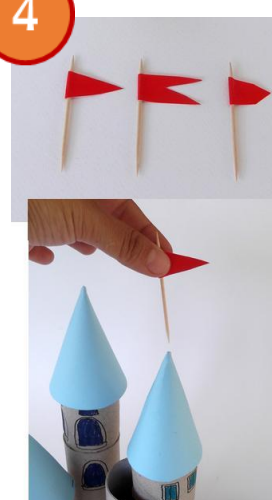

Take a 17 cm diameter plate, to draw a circle on a light blue cardboard, mark and cut. Then cut in half and fold, overlap and glue a part to form a light blue cone that is the roof of the castle.

2

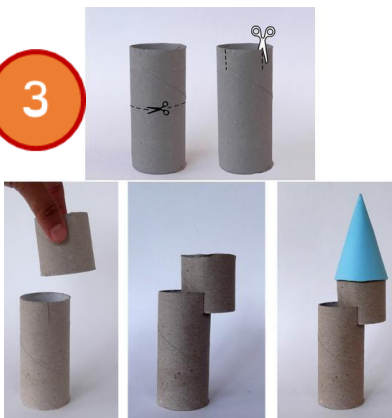

Take a roll of toilet paper and glue the roof to the base, paint the door and 3 windows with fibers.

4

To make the flags, stick a strip of red paper on each toothpick and insert it into the tip of the cone on the roof of each castle tower.

3

Make the side towers, take two rolls of cardboard, cut one in half, on the other make 2 cuts to insert the side tower.
