

First aid – Answer the questions

Why do I need to know how to give first aid?

When will my knowledge come in handy?

Who can I help?

Principles of first aid. Put the activities in the right order.

☐

If you see an adult nearby, ask for help.

☐

If you find that your friend is not responding, try to see if they will respond to the prompt.

☐

If it still does not respond, you should call for help as soon as possible.

Make an info-graphic on the basic rules of cycling!

Cycling safely

Especially important:

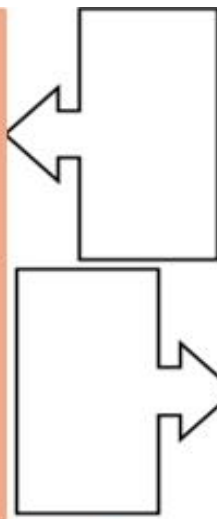

- *Do not drive at night or in low visibility conditions without lighting and the required mandatory accessories!*
- *Signal a change of direction, a turn and always make sure it is safe!*
- *Don't ignore road signs.*
- *Roll off the sidewalk with due care.*

How can I avoid injuries? Make an infographic! - an idea

Water is dangerous,
I won't step into it alone.

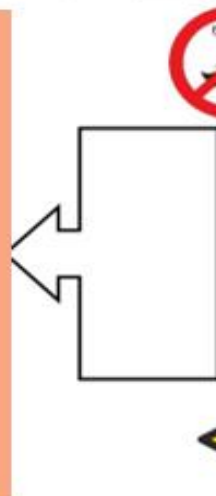

Not everything that is colourful is edible,
I don't joke about medicines.

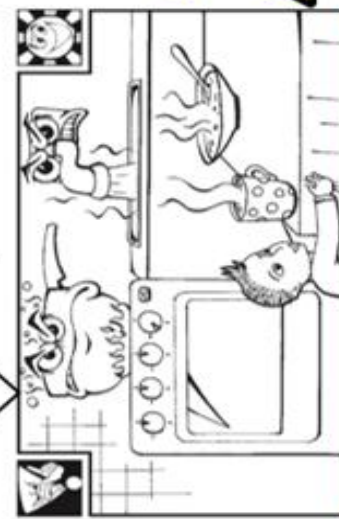

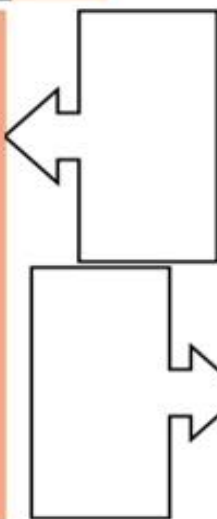

if the fire burn I'm carefull, I
dont play with the matches

Electricity is no joke, lightning also
zigzags in it.

when I step on the stairs I
look at my feet

Tea and soup are on the fire,
I'm careful not to get burned.
