KELOĞLAN AND A MAGICAL BOWL

The big lesson

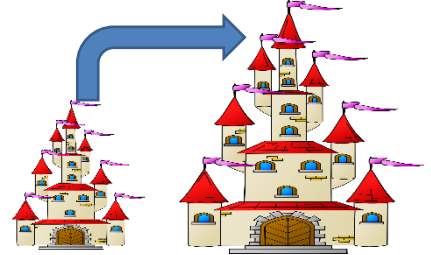

Soon people started saying bad things about Keloglan.

But Keloglan wouldn't care.

He was thinking about more and more money.

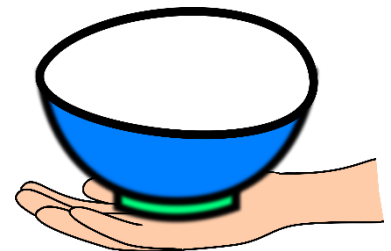

He wanted a bigger castle.

So he went to the river

To make more gold.

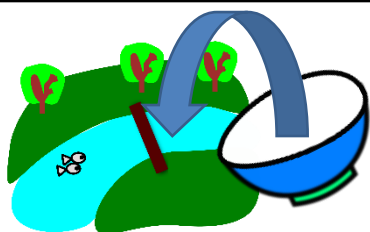

He took the bowl out.

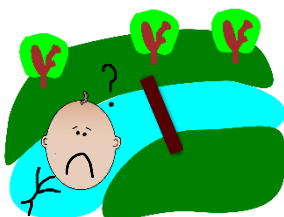

KELOĞLAN AND A MAGICAL BOWL

The big lesson

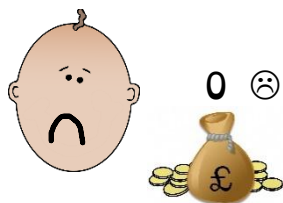

The bowl fell
down to the
river.

Keloglan jumped
into the river.

The thieves
stole his money.

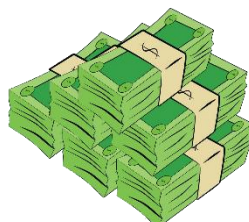

He had no
money and he
was sad.

He went back to his mother. His
mother comforted him.

>

He learned that everything is not money. Friendship
and happiness are more important. So he started a
new good life.
