

# SULTÁN SLONOV A MRZÁK S ČERVENÝMI FÚZMI

## TANEC HANGYAS

Sultán slonov

bol spokojný

s mravcami.

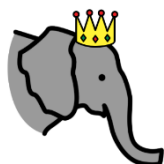

Mravce

tvrdso  
pracovali,

hovorili sloním  
jazykom.

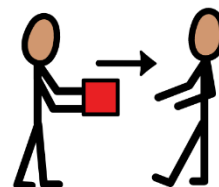

Sultán slonov

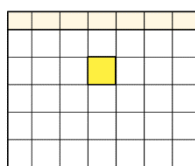

chválil ich,

potraviny

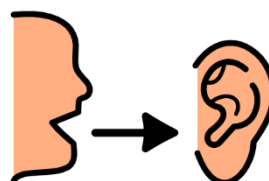

im dal.

Jeden deň

mravce

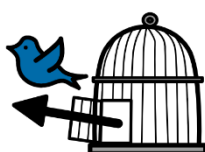

počul od

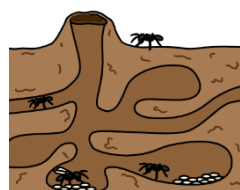

pieseň.

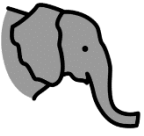

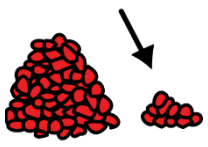

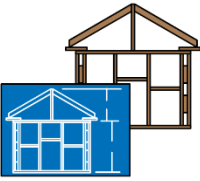

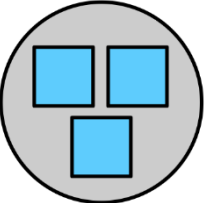

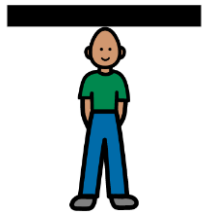

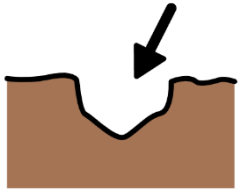

Spomenuli si

sloboda

mravca.

|                                                                                                           |                                                                                                              |                                                                                                                 |                                                                                                         |
|-----------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------|
| <br>Mra'<br>červenokrký  | <br>vyhlásil vojnu.         | <br>Mravce ho<br>nasledovali. |                                                                                                         |
| <br>Bitka                | <br>slony                   | <br>vyhrali.                  |                                                                                                         |
| <br>Väčšina<br>mravcov | <br>opäť fungoval         | <br>sultánovi slonov.       |                                                                                                         |
| <br>Mra<br>červenokrký | <br>a niekoľko<br>ďalších | <br>plán                    | <br>boli vykonané. |
| <br>Všetky             | <br>pod                   | <br>jamy                    | <br>vykopali.      |
