THE VICTORY

 The Sultan of Elephants learns of the ants' plan.	 But he doesn't care because he doesn't believe the ants will defeat him.	 All the ants start to undermine the country and the palace.	 A lame ant with a red beard comes to the palace.
 Ulukepez invites him inside.	 The Sultan of Elephants comes out laughing.	 The Red Bearded Lame Ant says that they have declared war on elephants.	 The sultan of elephants sends his whole army against the ants.
 Elephants fall into holes dug by ants and are eaten.	 The sultan of elephants gets very angry.	 When he is in the palace, he jumps up and down in anger.	 The ants also undermine the palace and it collapses.
 The sultan of elephants is trapped under the palace.	 The ants defeated the elephants and triumphed.
