

THE CAT WHO CAME OFF THE ROOF

S19
T1-5
L1

Memory with BeeBots

1. Print out the cards. If you want to play with them more often, you can also foil them.
2. Cut them out.
3. Place the larger cards under a BeeBot mat.
4. Make a stack of the smaller cards face down.
5. The players take turns drawing from the stack and steering the Beebot to the appropriate picture.
6. Whoever gets it right gets to keep the card.
