

The Little Prince

The rose

 Antoine de Saint Exupéry	 Learned to know the Little Prince	 He had a flower on his planet	 His flower was simple and mysterious
 The flower took time to prepare	 She opened one morning with the sunrise	 The Little Prince was amazed	 The flower was beautiful
 She knew it and boasted	 The Little Prince saw her vanity	 She was also moody	 She complained about the cold
 The Little Prince protected her	 So young, he didn't know how to react	 She made him feel guilty	 He was hurt by her and left, feeling sad
